

AGENDA
BASIN MONITORING PROGRAM TASK FORCE
TECHNICAL CONSULTANT WORKSHOP

FEBRUARY 9, 2021
1:00 P.M. TO 5:00 P.M.

- I. **Opening Remarks and Introduction of BMPTF Scoping Committee Participants** – (5 minutes) M. Norton
- II. **Consultant Team Introductions** (5 minutes per team [30 minutes]) – Consultant Team Leaders
Please be prepared to introduce your team members, include a brief description of their professional experience, and provide a brief summary of work performed in the watershed that pertains to TDS and Nitrogen.
- III. **Responses to Questions Regarding Groundwater Monitoring Program Update** (140 minutes) – Facilitated by T. Dunham
There are nine [9] questions that apply to the Groundwater Monitoring Program. We intend to allocate approximately 15 minutes per question. However, depending on the quality of the discussion occurring, it is our intent to be flexible and encourage robust discussion.
- IV. **Responses to Questions Regarding Surface Water Monitoring Program Update** (60 minutes) – Facilitated by T. Dunham
There are six [6] questions that apply to the Surface Water Monitoring Program. We intend to allocate approximately 10 minutes per question. However, depending on the quality of the discussion occurring, it is our intent to be flexible and encourage robust discussion.
- V. **Closing Comments/Remarks** (5 minutes) – M. Norton
