

# STEP WISE APPROACH TO REVISING 2004 TMDL

---

November 3, 2021

Permittee Only Discussion

# Potential Step-Wise Approach

## Step 1 - Identify Key Principles for moving forward

Technical TMDL revisions do not trigger additional peer review but are in response to peer review

Agreement to work on Implementation Plan components first, including but not limited to: Phasing, compliance schedules, offsets, alternative criteria for protecting beneficial uses, evaluating, studies, alternative compliance options

## Step 2 – Obtain Board staff commitment on Key Principles

Documented in writing in agreed on format

## Step 3 – Reach agreement on revised Implementation Plan, including phasing, compliance schedules, and re-evaluation of 25<sup>th</sup> percentile with new data and studies

## Step 4 – Revise Technical TMDL report

## Step 5 – Schedule for Public Review and Board Consideration

# Potential Time-Line
