

### Participatory Budgeting Workshop No. 4

August 24, 2022

Prop 1 Round 2 Integrated Regional Water Management (IRWM) Grant Funding

One Water One Watershed - Santa Ana Funding Area

#### Agenda

- 1. Introductions
- 2. SAWPA Recap of August 10th Workshop No. 3
- 3. Projects Able to Move Forward with Grant Awarded
- 4. SAWPA Rating and Ranking Changes Since August 10<sup>th</sup> Workshop No. 3
  - Feedback from Stakeholders?
- 5. Determine "Required Cost Share"
- 6. Next Steps

#### Prop 1 Round 2 (R2) Process June - Aug 2022 **DWR Releases** Staff Review Call for Call for **DWR Releases** Draft R2 & Parti-Projects Final R2 Grant Projects Grant cipatory Opens Guidelines Closes Guidelines Budgeting Jan 2022 May 2022 Dec 2021 June 1 2022 ||||× R2 **OWOW** DWR DWR Application Governance Announces Approves R2 Submittal to Award **Executed** with DWR **Projects** SAWPA Oct 2023\* April 2023\* Feb 2023 Sept/Oct 2022

\*Best estimate currently. Dates may change based on DWR's time needed to review applications.

#### Workshop No 3. Recap

- Discussed project rankings and grant funding formula for two competition pools:
  - DAC
  - General Implementation
- Discussed need for "back up" projects (one for DAC, one for General)

#### • Major Comments -

- a) Lack of "benefit per capita" scoring metric in ranking formula,
- b) Outliers in DAC Implementation pool skews funding, and
- c) Question on greenhouse gas (GHG) normalization.
- SAWPA initiated the question can your project proceed with the funding awarded?

### Questions/Comments Received After Workshop No. 3

- Question about including Economically Distressed Areas (EDAs), in addition to Disadvantaged Community (DAC) areas, in the scoring.
  - SAWPA staff followed up with DWR on this item. Still awaiting feedback from DWR.
- SBVMWD edit to benefit area (additional HUC-12 watershed that was not captured)
  - Minor affect on scores. This did not adjust top ranked projects.
- Rialto adjusted water quality MGD value based on stakeholder comment.
  - This affected scores as their MGD value is/was the highest.
- LESJWA ensured benefit area used for DAC-related cost share waiver was changed to reflect a higher DAC percentage value.
  - This does not affect the ranking. Original DAC percentage still used in ranking.

## Recommended Round 2 Competition Pools (Not including North OC)

<b>Competition Pools</b>	Grant Amount
DAC	\$4,095,000
General Implementation	\$14,435,100
Upper Watershed*	\$12,372,943
Watershed Wide*	\$2,062,157
DAC and General Total	\$18,530,100

\*Not a competition pool, funding gets distributed after projects are submitted and highest scoring projects are determined.

### Projects Seeking Grant Funding by Category

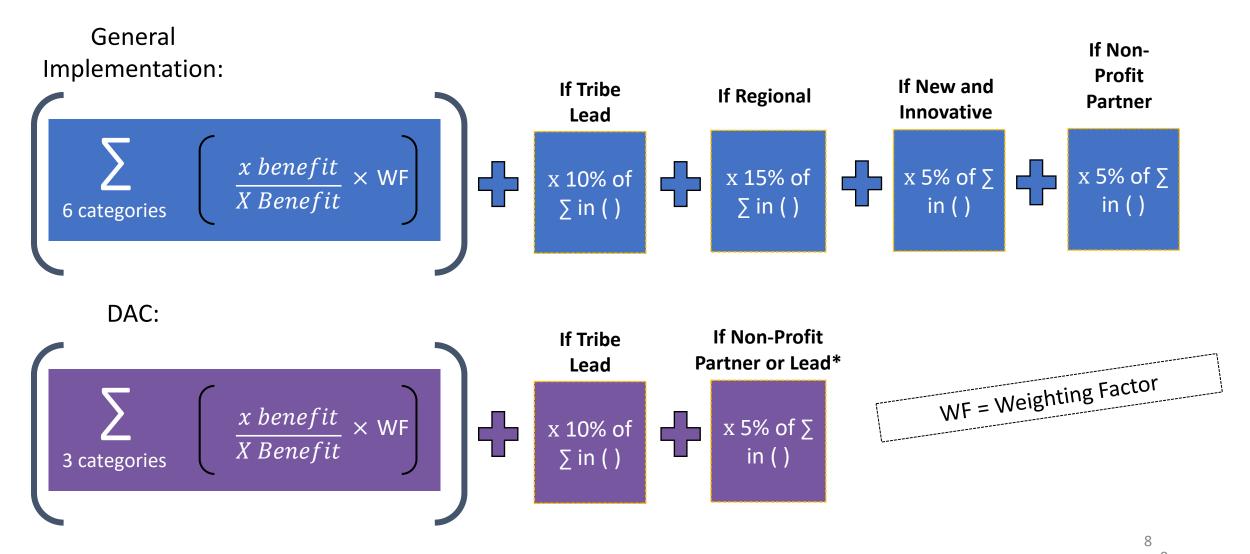

Category	Projects	Grant Requested	Grant Available*
Disadvantaged Community	6	\$13,116,020	\$4,095,000
General Implementation	18	\$54,700,206	\$14,435,100
Total	24	\$67,816,226	\$18,530,100**

#### 26 projects also submitted applicants in order to be included in the Santa Ana River Watershed IRWM OWOW Plan. Entities often take this action In order to be eligible for other State grant opportunities.

\*There is also \$7,175,543 available through the North Orange County IRWM group for projects received through their process. Projects received by their lead administering agency, Orange County Public Works, are not shown in the above table or in this presentation.

\*\*This amount may increase by \$2,000,000 due to roll over of funding from Prop 1 Round 1. Still awaiting approval by Department of Water Resources before it is officially increased.

### Ranking Formulas

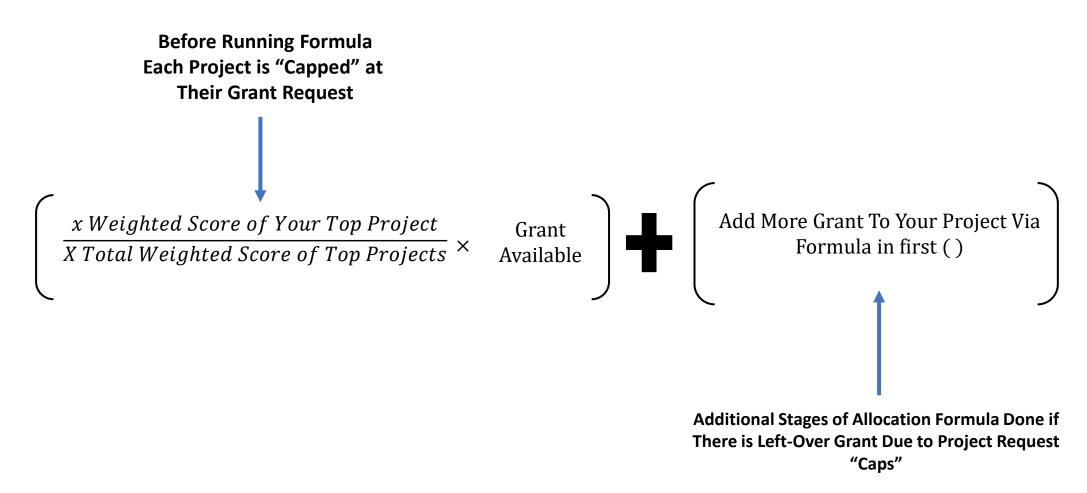

\*If Non-Profit is the lead, the percentage increases to 10%

#### Grant Funding Allocation Formula

- Purpose is to allocate funding to those top projects based on those top projects share of the sum of the weighted scores, and
- Include any State priority projects near threshold (if applicable).

1 699.90   2 643.89   3 526.26   4 424.44   5 401.53   6 298.39   7 246.87   8 244.25
3 526.26   4 424.44   5 401.53   6 298.39   7 246.87
4   424.44     5   401.53     6   298.39     7   246.87
5   401.53     6   298.39     7   246.87
6298.397246.87
7 246.87
0 244.25
8 244.25
9 170.26
10 143.83
11 101.49
12 93.87

#### Grant Allocation Formula for Round 2\*

\*Same formula used in last Prop 1 round.

After Workshop No. 3 - Projects Asked if They are able to Still Implement with Grant Awarded

- Box Springs Mutual Water Company Well Improvement Project (in DAC Implementation competition pool) not able to move forward due to low grant allocation.
- To solve issue, SAWPA moved \$1.5 Million (from the \$2 Million roll over from Prop 1 Round 1) to Box Springs.
- The other \$500,000 (of the \$2 Million roll over) was allocated to the top General Implementation projects using the ranking formula.
- This math is factored into the "Project Benefits Spreadsheet" dated 8/24/2022.

# Further Information on Utilizing \$1.5 Million from Round 1

- Same question posed in Prop 1 Round 1, but all projects able to move forward in the past with initial amount due to inquires by SAWPA as the Regional Water Management Group (RWMG),
  - We have a unique issue this round due to the low score with the 3<sup>rd</sup> top DAC project.
  - As stated prior, we are seeking to fund approximately 10 projects (between DAC and General).
- SAWPA/RWMG interested in projects able to move forward with grant provided.
- SAWPA wants to be responsive to comments received in last workshop regarding "per capita" benefits.
- Box Springs's nitrate removal and water quality focused project is consistent with the Prop 1 PSP requirements and OWOW/IRWM Plan's focus on small water systems.

#### Feedback from Stakeholders?

- Refer to "Project Benefits Spreadsheet" dated 8/24/2022 for updated scores and funding recommendations.
  - This version takes into account the Rialto update to their MGD water quality benefit value, and the \$1.5M /\$500K split for the Prop 1 Round 1 roll over.
- Question to now answer Can your General Implementation project proceed with these updated amounts?
  - Refer to the "Delta" column to see the difference between the last version of the spreadsheet from Workshop 3 and these grant award amounts.

#### Determining "Required Cost Share"

• Note there are **two types** of cost share per the grant agreement with SAWPA/DWR:

	AGREEMENT BUDGET SUMMARY								
		Grant Amount	Required Cost Share: Non-State Fund Source	Other Cost Share	Total Cost	Percent Cost Share			
	Grant Administration	\$1,157,000	N/A	\$0	\$1, <mark>157,</mark> 000	N/A			
	PROJECTS								
1	Enhancements to Watershed-Wide Water Budget Decision Support Tool	\$500,000	\$864,354	\$364,354	\$1,728,708	50%			
2	Santa Ana Mountains Watershed Protection Project	\$497,998	\$0	\$732,144	\$1,230,142	0%			
3	Groundwater Replenishment System Final Expansion	\$3,589,553	\$10,000,000	\$2,694,545	\$16,284,098	61%			
	Joint IFUA-JCSD Regional Water	-	-		-				

#### From Prop 1 Round 1 (DWR table excerpt)

Thresholds for cost share waiver/reduction

- - - - -

75% - 100%:

#### nentation Projects DAC/EDA Benefit By Percent (%) Cost Share Required Population/Geography: 0%

х

	50% - 74%:	12.5%									
	25% - 49%:	25%				(			Non-Grant		Grant
	Less than 25%:	50%				<b>Required Cost</b>	Required		Costs to Be	Percent of	Percent of
	Project Name	Applicant	DAC	Grant Request	Total Costs	Share (Due to DAC %)	Non-State Cost Share		Covered by Applicant	Grant Request	Total Project Costs
Sa	Santa Ana River Watershed Weather										
M	odification Pilot Project	SAWPA	46%	\$861,400	\$1,722,800	25%	\$430,700		\$861,400	100%	50%
Et	iwanda Intervalley Water Quality and										
W	ater Resiliency Project Phase-1A	JCSD	30%	\$6,000,000	\$28,505,400	25%	\$7,126,350		\$25,551,187	49%	10%
W	ellhead Nitrate Treatment for Wells 4 &										
27	7	MVWD	42%	\$6,950,000	\$6,950,000	25%	\$1,737,500		\$4,416,508	36%	36%
Ca	able Creek Basin (Upper)	SBCFCD	65%	\$3,250,000	\$20,000,000	12.5%	\$2,500,000		\$17,478,322	78%	13%
Phase 1 - Lake Elsinore Algae Harvesting and											
Ν	utrient Removal Project	LESJWA	42%	\$1,500,000	\$3,000,000	25%	\$750,000		\$1,500,000	100%	50%
La	ke Rialto Habitat Management and										
С	ommunity Open Space Project	Rialto, City	51%	\$2,950,000	\$8,000,000	12.5%	\$1,000,000		\$5,850,252	73%	27%
W	ell 2 Replacement	MVWD	42%	\$8,675,000	\$8,675,000	25%	\$2,168,750		\$6,668,689	23%	23%

Calculated required cost share totals to only 18% of total OWOW proposal cost. 50% is required. Solution = need more required cost share from available "additional cost share".

Note: Under Round 1, all DAC Implementation projects reported 0% "required cost share"

#### Next Steps

• SAWPA to work with top project proponents to determine required cost share amounts.
