Regional Water Quality Monitoring Task Force Administration

In its role as administrator for the Regional Water Quality Monitoring Task Force, SAWPA staff will perform the following:

- Organize and facilitate Task Force meetings;
- Perform secretarial, clerical and administrative services;
- Prepare annual work plans and budgets, invoicing of parties, management of Task Force funds, and providing semi-annual status reports to the Task Force representatives concerning the expenditure funds from the Task Force account;
- Act as the contracting party and contract administrator, for the benefit of the Task Force, for contracts with all consultants, contractors, vendors or other entities;
- Seek grants and funds to assist with the work of the Task Force;
- Coordination with other agencies and organizations as necessary to facilitate Task Force work and to facilitate the addition of new parties;
- SAWPA shall provide project management for work performed by SAWPA's consultants or contractors. This includes:
- Administer the implementation of the Regional Santa Ana River Bacteria Monitoring Program by the Task Force consultant, CDM Smith,
- Administer the preparation of quarterly and annual reports prepared by the Task Force consultant, CDM Smith, as required by the Santa Ana River Watershed Basin Plan, and submit them to the Regional Board on behalf of the Task Force,
- Support Task Force communications with the Regional Board and other agencies or organizations.
