

An aerial photograph of a large reservoir, likely Lake Mead, with a town in the foreground and mountains in the background. The sky is blue with white clouds. The water is a light blue-green color. The town has many houses with red roofs. The mountains are brown and hilly.

LECL TMDL Task Force Meeting

April 22, 2025

Tess Dunham,
Regulatory Facilitator

Schedule for Final Consideration by Santa Ana Water Board

Circulation of Revised Documents for
Limited Review and Comment on revisions
only

- Date to be provided by Santa Ana
Water Board

Santa Ana Water Board Final Consideration

- July 25, 2024

Limited Revisions

Basin Plan Amendment Revisions (Attachment A)

- Remove City of Banning from Table 6-XXX, Responsible Parties and Applicable Watershed Allocations
- Update Table 6-XXX Summary of Milestones, WLAs and LAs for nutrient sources to Lake Elsinore
 - Very minor changes to total TMDLs (e.g., 1 to 2 kg/yr)

Technical Report

- Tables 4-10, 6-2 and 6-8

Minor Source Study Process

Convene small group

WRCAC
Riverside Flood Control
City of Riverside
City of Moreno Valley

Schedule meeting early May

Two primary questions

What are the criteria for being identified as a minor source?
If a minor source, what responsibilities (if any) are attributed to minor sources?

Draft Schedule for Minor Source Study
